Good representation going to NEAWG

Elk Point will be well represented at the North Eastern Alberta Winter Games this coming weekend, February 2, 3 and 4, in Wainwright, with athletes taking part in competitions in six sports.

Dennis Jasinsky Jr. will take part in Biathlon, while Charlene Anderson will be part of the Figure Skating competition, and Stephen Montgomery will compete in Cross Country Skiing.

Eight Jackrabbit Skiers from Elk Point Elementary School will try their prowess in Wainwright. William Faithful, Jason Goulet, Justin Conrad, Kristin Holthe, Loren Kozicky, Ryan Kozicky, Kelly Petersen and Jason Gadwa will represent Elk Point in this very popular sport.

The Elk Point contingent also includes two handball teams from F. G. Miller High School, who were selected to compete following a clinic conducted by Henry Joly to introduce students to this new sport.

Elk Point Pacers and Elk Point Ladies will provide representation on the basketball courts.

Justin Conrad has already won recognition regarding the NEA Winter Games, with his Winter Games poster winning the award in the Grade 4 to 6 category.

Elk Point is part of Region 6, which also consists of St. Paul, Mallaig, Ashmont, St. Lina, Lafond, Lindbergh, Heinsburg, Tulliby Lake and Frog Lake, and is represented by two directors, Harold Northcott of St. Paul and Stephen Montgomery of Elk Point.

Water Main Mayhem

A water main break last Thursday sent Town crews to work digging up the offending punctured pipe to make repairs. Fortunately, the break occurred in warmer weather than we are enjoying this week, and the repair was made before the cold snap appeared.

Mini-Telerama a huge success

Almost five hours of nonstop entertainment last Saturday afternoon netted close to \$5000 in pledges for the Associated Canadian Travellers, and Elk Point Mini Telerama organizer Ruth Vogel says 'the pledges are still coming in.'

The F. G. Miller High School auditorium was filled with an enthusiastic crowd for the lengthy performance, while many more viewed the show on Community Channel 5. Radio LW's Dave Bruns was on hand to keep the rural community and surrounding towns informed of the fundraising progress.

The afternoon began with classical piano stylings by F. G. Miller Grade 12 student Cynthia Adkins, who is about to write her Grade 9 Piano examination. Her prowess was ably shown in both solo numbers and a later segment when she was accompanied by a taped orchestra.

Loree Germain, a contemporary gospel singer from St. Paul, gave a powerful performance of 'Love In Any Language' and 'He's Alive!'

Four groups of Elk Point Ukrainian Dancers were interspersed throughout the program, beginning with the first year students, who have only been dancing since September, but have learned well in such a short time.

A brother-sister duo from Myram, Shane and Tracy Yakimec, showed the talented routines of

five years in Ukrainian Dance, in a colorful number.

Heinsburg musicians Grace Meger, on accordion, and Lawrence Sharkey, on banjo, favored the audience with three heartfelt selections, 'Why Did Daddy Say Goodbye?', 'Nobody's Child' and 'How Far Is Heaven?'

The F. G. Miller Senior High Band, consisting of Grade 10 to 12 students under the direction of Don Bury, showed their versatility with 'Starlight Express', 'Georgia On My Mind' and a medley of Beach Boys tunes.

At that point in the program, the first total of pledges was displayed, with members of the Ukrainian Dance Club turning up the figures of \$1178.80, just over an hour into the afternoon. Heinsburg 4-H MultiClub soon raised that total as they brought forth a giant cheque for another \$100 donation.

Three young performers from the Dewberry area then took the stage for a varied set of instrumental and vocal numbers. Karac Hendricks and Justin Crawford on guitar and Kyle Jones on fiddle and mandolin make up the Borderline Buddies, whose repertoire ranges from country rock to western swing to bluegrass, played in a way much older musicians might well envy.

Elk Point Junior Ukrainian Dance group, 7 to 9 year olds who have danced from 1 to 4 years, capped off their performance

with the presentation of a \$89 cheque from the Dance Club.

The six violins of the Wasyli-shen Family, Vermilion, swung into a medley of old favorites, from 'O Susanna' to 'Amazing Grace,' in the hands of five sisters and their brother, ranging in age from 3 to 16 years of age. Many in attendance remembered these performers from last year's ACT Search for Talent, when the tiniest member of the group was only 2 years old.

Glendon's B. J. McNalley, twice winner of Radio LW's talent competitions, posed as the ragamuffin mouse from 'An American Tale' as she sang 'Somewhere Out There' in a powerful yet poignant performance.

A large contingent of the Lakeland WunderDogs were next in the spotlight. Various breeds, from a tiny peek-a-poo and her somewhat larger son to a huge brindle Great Dane, were put through their paces by their expert handlers. The WunderDogs were started in Elk Point just under two years ago and gave their first performance at the Elk Point Trade Fair that spring. Since then, the group has expanded to a membership from all areas of the Lakeland, and has performed at countless functions. Following a well timed marching routine, each dog and its handler was introduced as the pair endeavored to make the fastest

time and least errors on an agility course of jumps and obstacles. From the golden-haired Afghan to the snow white American Eskimo, from the long legged Saluki to the compactly built Cavalier King Charles Spaniel, from the veteran German Shorthair Pointer to the novice Black Lab, each had a turn on the course, with Ruth Stone's Rotweiler-Shepherd, Lucy, declared the winner with a time of 11.41 seconds.

By this point in the afternoon, the running total of donations had grown to \$2153.60, and as Lawrence Pidluzny, reading off the names of donors, said, 'We want it HIGHER!'

Elk Point's own Sherry Oszust brought two vocal selections to the program, professing her faith in song with 'The Wind Beneath My Wings' and 'In Heaven's Eyes.'

Les Tourbillions, the well known St. Paul dance group formed in 1979 to keep the traditional dances of early Franco-Albertan settlers and of their Quebec heritage alive, were a welcome addition to the afternoon, with two segments including square and pattern dances as well as the dances of old Quebec.

The well schooled students of St. Paul Dance Academy, from preschoolers to adults, provided a series of groups in dances ranging from tap to ballet, from Highland Fling to a sailor's hornpipe,

from a modern version of the Twist to a stylized Jazz number.

Elk Point Intermediate Ukrainian Dancers brought another style of fancy footwork to the fore, accented by their richly embroidered costumes of the Hutzul region.

A very special guest showed that all her talents are not for parliamentary politics. MP Deborah Grey, a member of the Dewberry HIS Gospel Singers since 1982, made up for the absence of the balance of her group with her outstanding performance of 'The Lighthouse.' She spoke briefly on her efforts to 'melt the snow in Ottawa' over the proposed Goods and Services Tax, and told the audience she was pleased to be back in her constituency for the Mini Telerama. Miss Grey presented Ruth Vogel with a \$100 cheque, and complimented her on the 'great job' the community effort was doing to raise funds for the ACT. Mrs. Vogel commented that she had not received one negative reply when she asked performers to take part in the show.

Time for another total, with \$3348.60 pledged to that point.

Master of Ceremonies Rob Hendricks then had his turn as a performer, with a smooth rendition of Keith Whitley's country hit, 'Don't Close Your Eyes.'

ACT Telethon host Mike Darrow was delayed by scheduling

Elks dethrone Monarchs

Elk Point Elks totally overwhelmed Neilburg Monarchs in front of a good Friday night crowd at A. G. Ross Arena, with a steadily mounting lead that ended in an 11-2 win for the home team.

Murray Cochrane led the scoring with 4 goals and 4 assists, while Terry Wozniak added 2 goals and one assist, Jim Vinge 2 goals and 2 assists, Kerry Loughran one goal and 6 assists, Mike Boratynec one goal and one assist, and Richard Marcoux one goal. Allan Loughran added 3 assists, Terry Isaacson 2 assists, and Willie Lesyk and Jeff Buck one assist each.

Monarchs Captain Larry Scott scored both Neilburg goals, assisted by Garnet Graham and Monty Baynham in the first and Jamie Fleck and Greg Bertoria in the second.

Elk Point scored the first three goals of the game, while Neilburg had a scoreless first period. Neilburg scored just over four minutes into the second period, but three more Elks goals quickly diminished the impact, and the Elks led 6-1 going into the final period. From there, they continued their onslaught, slamming home five more goals in rapid succession. Neilburg scored the final goal of the game, with 6:13 remaining on the clock.

Two Elks were well rewarded for their outstanding efforts. Murray Cochrane received 30 litres of gas from Hillside Texaco for his hat trick plus one, and another 30 litres from Vogel's UFA for his 4 assists. Kerry Loughran also won 30 litres of gas from Vogels for his impressive assist record.

This weekend, the Elks will take on Dewberry Mustangs in another exciting contest at 8:30 p.m. Friday evening, while Sunday's afternoon game is against Marwayne Comets at 3:00 p.m. Come on out for some top notch hockey action from these fine Sask-Alta League teams.

Pollution and youth

Waste, garbage, litter, junk and scrap are some of the words we use to describe material which we consider "valueless". So what do we do with these things we no longer want or need? We throw them away!

You can either be a part of the pollution problem or you can be part of the pollution solution. You decide! There is too much pollution, but what can I do? I'm only one kid! How can I make a difference?

Here are some things you can choose to do to clean up and protect our environment.

- Stop drinking from small cardboard drinking boxes. They can not

be recycled. A thermos is a good alternative. Get all of your friends to make the thermos a trend!

- If you buy a soft drink, make sure it is in a recyclable container. Most glass containers, plastic bottles and jugs and cans are recyclable. Some soft drink containers offer a refund if they are returned. So don't throw the container away. Recycle!

- Use a lunch box as an alternate to throw-away plastic and paper bags. If you can, wrap your sandwiches in wax paper instead of plastic wrap since plastic will not biodegrade easily in a landfill.

difficulties from being on hand to start the show, but did arrive in time to introduce the final act: a sparkling performance by the award winning Senior Ukrainian Dancers, which met with tumultuous applause.

The evening events included a supper and beefest at the Elks Hall, but these met with limited response, and could not be counted as fundraisers. For another year, Mrs. Vogel commented that these would likely be omitted from the program, but the 'very impressive afternoon' is almost certainly to be repeated.

The Elk Point Ukrainian Dancers will appear on the ACT Telerama on Sunday afternoon, February 4, to present the proceeds from the Mini Telerama, as well as to display their considerable talents to all of northern Alberta. We'll be watching!

Grand Opening

Michelle Zarowny and Virginia Mudryk enjoyed a busy Grand Opening of Michelle's Hair Design on Saturday. Winners of their door prize drawings were Melanie Theriault, a Trip-Of-The Month ticket, Peggy Adomaitis, a curling iron, and Barbara Milholland, a hair spray package.

Elk Point Cross-Country Ski Club newly formed

By Stephen Montgomery

The Elk Point Cross-Country Ski Club was started this past month with a flurry of events. Open House Ski Days were hosted at the Bjornstad's residence on January 14 and at the Hawkins/Thompson's on January 21. These were very popular events with attendance of 25-30 people at each.

On Friday, January 26, the Club hosted a Social Evening at the Library, which was also well attended. Refreshments were served and skiing videos were provided by Cross Country Alberta. Considerable interest was expressed to obtain a Tracksetter to improve the skiing at the Recreation Land.

Cross Country Alberta's instructional program, SKICADE, sent two instructors to offer a Learn-To-Ski Program on Saturday for club members. Despite cold weather and a brisk wind, nine adults and five children participated in the clinic. There will be another ski clinic in

February. Everyone will be welcome.

The Skicade instructors also taught ski classes at the F.G. Miller High School and the Elementary School on Friday.

Special thanks go to the people who helped at the social and to those who hosted Open Houses and to Jim Hawkins who set trails in very cold weather for the Learn-To-Ski Program.

Four club members attended the Citizens' Race in Vermilion on Sunday, January 28. These races are timed and are quite informal. Congratulations are in order for Gary O'Neill, age 7, and his coach Mike O'Neill who completed the five kilometre event. It was only the second time they had ever skied.

Membership in the Cross Country Ski Club is open to anyone who is interested in Cross Country Skiing in the Elk Point Area. For more information, contact Stephen Montgomery at 724-3800 (days).

Out On The Trail

Writers to host film festival

Elk Point Ruthless Writers Group has announced plans to host a festival of films focusing on modern family

issues, in celebration of the new Family Day holiday, February 19.

Community Services happenings

Elk Point Child Care Services provides care and attention for children in approved private homes in Elk Point and Area. The program benefits the care providers, the children and their parents. The parents have the security of placing their children in safe homes and also are provided with back-up sitters. The care providers are given program support and have access to professional training opportunities to learn more about child care. This program is currently expanding. Anyone who is interested in finding out more about becoming a care provider can contact Deanna Easthope at 724-3933.

Community Services is initiating a Community Calendar. The Calendar will serve two purposes: to let people know what's happening in the community, and to help groups plan events to minimize conflicts. The Calendar is for all groups, organizations and clubs which organize events in Elk Point and District.

The festival starts Monday, February 19, with a program entitled "Images of Women: Whose Perspective?", featuring the films, "Killing Us Softly", "Goddess Remembered", and "Get Back The Night".

Tuesday, February 20, the focus turns to "Poverty, Everybody's Problem", with "The Tender Tale of Cinderella Penguin", "And They Lived Happily Ever After" and "No Way! Not Me!"

"Sex Role Stereotyping" is explored in Wednesday, February 21's lineup, with films on "Being Male", "Anybody's Son Will Do", "David", and "Girls Fitting In".

"Prejudice: It Can't Happen Here"

is the title of Thursday, February 22's program, with the films "Teach Me To Dance" and "The Wake". The festival winds up Friday, February 23 with three films on the "Elders In Our Society", entitled "Great Grandmother", "Mr. Nobody" and "George and Rosemary".

The films go at 7:30 each evening, at the Elk Point Public Library. There is a minimal charge of \$2.00 per evening or \$5.00 for a series ticket. Coffee and an informal discussion will follow each evening's screening. It is hoped that these films will promote dialogue between community members.

LAST CHANCE!!! Time is Running Out.....

The first Lioness Trip of the Month Club ticket for a trip to Banff will be drawn February 1, 1990. To get your ticket and a chance to share in the \$18,700 in prizes, stop in at Elk Point Insurance and Realty before 1:00 p.m. on Thursday, February 1, 1990.

In Our View

Congratulations to all Elk Point

What can we say? Elk Point's very first ACT Mini Telerama was an outstanding success.

For a town of 1400 to assemble a collection of talent that takes almost five hours to complete their performance, is a real indication that not only do we have people in our midst, and in our neighboring communities that possess a multitude of skills in the performing arts, we also have people who are super organizers, and people who are generous enough to donate their time to a worthwhile fundraising effort.

We have hosted several ACT Search For Talent competitions in Elk Point, and have had great response every time. At those, however, the performers stood a chance to win awards and for the older performers to go on to fur-

ther competition. This time, the joy of putting on a good performance was the only reward anyone would receive. Still, everyone was eager to take part.

At those earlier events, excellent crowds came out to enjoy the performance, and so they did for the Mini Telerama. At times, the F. G. Miller High School auditorium neared its capacity. The applause was warm, and a steady line approached the table where donations were accepted.

The response from those viewing the show on Community Channel, and listening to LW Radio, was also heartwarming. The phones kept ringing, and the total kept growing. It was great!

Elk Point and surrounding areas, you have done yourselves proud!

Canadian First!

Why can't we accept that our flag flies for all Canadians — not just a select few? Work up a bit of pride, eh!

Alberta Trails

Let's put Canadian first

By Irene Magnusson

Listening, this morning, to a group of guests on the Peter Gzowski "Morningside" CBC radio show, I hear him speak to his five 'Francophone' guests. He asks if they think of themselves as Canadians. All but one says yes; this one says if it is "Canadian", no; if 'canadienne', yes. He went on to say he is a Quebecois first, a Canadian last. (We call them French-Canadians).

This makes me sad. And mad. Canada could be so great. But I fear it will never be great until the people who live here, from the ice of the North Pole to the 49th parallel, from sea to shining sea, can and will wholeheartedly say, and think, and feel, "I am a Canadian!" (Spelt however the Iroquois and Algonquians, who called the land *kanata* in the days before we took over, want it spelled.)

THEN - if you must - add the other silly segmental appellation: Canadian-English, Canadian-French, Canadian-Indian, Canadian-Saudi Arabian, Canadian-Ukrainian, Canadian-Chinese - you name it.

We really must, finally, put CANADA first.

Surely, we are a polyglot assemblage, a conglomerate of adventurers, wanderers, refugees, escapees, gathered from the ends of the world - outside of a few who were born here, but even we 'natives' hark back eternally to our origins, to where our ancestors came from - quite often to where our ancestors FLED from - eternally trying to dredge up and renew and re-establish our languages, customs, dress, food - even the all-too-often quite dreadful prejudices and suppressions from which those ancestors fled. Whether it was last year, or last century, or before.

Everyone who came to Canada, as far as I can learn, came to find or to build a life better than the one they had. They came for money, for land, for freedom, for adventure. They came to escape repression, terrorism, lack of opportunity, dullness, over-crowding, Big Bosses - many to save their lives. They came for any number of reasons.

How many came with the complete determination to help make a better country, a richer, wiser, safer coun-

try, a Homeland for themselves and their children?

Sometimes I fear we (meaning all Canadians) came only to grab, and snatch, to turn this unspeakably glorious free land into a jigsaw puzzle of bits and pieces, each a miniature of the land from whence we came.

Of course, we would all love our native lands, just as we'd love our home and parents - IF they let us. And maybe they are good and kind and loving, and we will remember them forever - even after we have grown up and are off making a life of our own. Few of us are foolish enough to bring our old home and parents into our new life and family, and not expect grave problems. No, if we have any sense at all, we say goodbye and move off into our new life.

Why not, then, when we leave our old land and customs, languages and ways, just wave them a fond farewell - then turn to the new land with open arms, embracing it and making it ours?

I know the Leaders - the so-called 'brains' - of our land have followed a policy (system, program - whatever you wish to call it) of "Multiculturalism" whereby everyone is encouraged to keep their old Country language, customs, dress, religions, et al. and flaunt them here in Canada.

Just maybe that silly 'distinct society' business would be bearable if it only went that far. But of course, it

goes beyond that. Not only the good and/or harmless parts of the multiculturalism comes in, but all the rotten, miserable, hate-ridden ills and festers, that should have been left behind, comes along too.

Canada can never be as strong and as great and the best place in the world to live, until we throw out those fetters dragging at the ankles of unity like a ball and chain, until we cast off those old foreign ways, customs, loyalties, prejudices - yes, even clothing, languages, hates - and are able to say "I am here, I am a Canadian - big C.C. - and damn proud to be one!"

THEN - if they must - let them add on the appellate, the modifier, the divider, the hyphenated word.

I'm afraid I think the "Deciders" were wrong - those who left us free to be carved into frightening, depressing "hash", where whatever is thrown in wants to be the main course.

I'd prefer the melded 'puree' - the so-called melting-pot of the U.S. method. I believe Americans think of themselves as Americans first, then add the Hispanic, Asian, African, et cetera, background. I don't think they usually place their ancestors' country of origin in the forefront.

We will ALWAYS consider ourselves semi-foreigners - and those around us - until we can, in word and thought and action, accept that we are CANADIAN - Canadians, and not semi-foreign 'visitors'.

New pavement to provide safer travel

EDMONTON - A \$573,127 contract has been awarded to Lahrmann Construction Ltd. of Calgary, for final paving on Highway 45 near the community of Clondonald.

The contract, announced today by Alberta Transportation and Utilities Minister Al "Boomer" Adair, involves final paving of 17.5 kilometres on Highway 45 from the junction of Highway 41 east to near Dewberry. In addition, 2.8 kilometres on an approach road into Clondonald will also be paved as part of the project.

Mr. Adair said, "This project will

improve Highway 45 to its full design standard, and will complete the entire length of Highway 45 which benefits truck transport motorists as well as residents and visitors using this favored east-west route. I am pleased to have the support of Lloydminster M.L.A. Doug Cherry in fulfilling the priorities of highway improvements."

The tender call attracted eight bids. The next two lowest were: Sandstar Corporation, Edmonton - m \$590,535; Border Paving Ltd., Red Deer - \$593,683.

Beaver River MP

MP Deborah Grey was both a performer and a donor at the Mini Telerama. Following her Gospel solo, she presented organizer Ruth Vogel with a sizeable cheque for the ACT.

Bantam Elks win Marwayne tourney

This past weekend, Elk Point Bantam Elks participated in Marwayne's Hockey tournament. Game one was at 12:00 noon Saturday against Pierceland. This game also counted as a league game. Previously Pierceland whipped Elk Point in a league game, 10-2. As the game started, it appeared that Elk Point was either sleeping or afraid of another good whipping. The first two periods were at a slow waltz pace for Elk Point as they trailed 2-0. Super goaltending by Quentin Bielech kept Elk Point in the game. The third period saw Elk Point turn on their lights and score four consecutive goals to win 4-2.

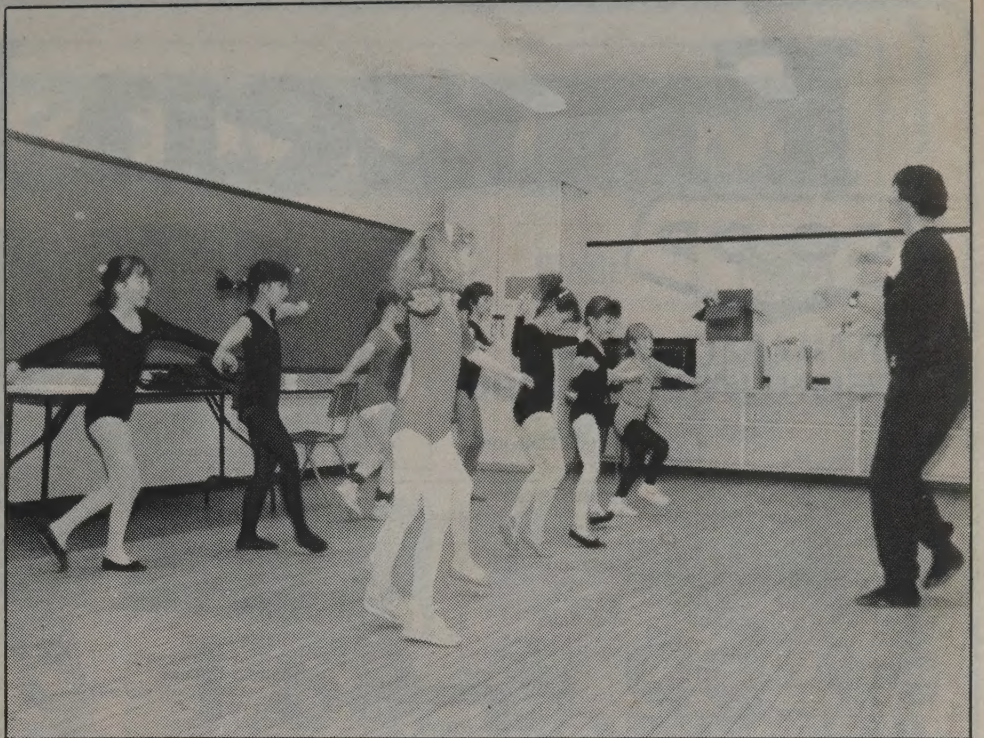

Game two was against Paradise Valley, who in the Bantam Elks own

tournament gave Elk Point a really tough win in overtime. This game, however, was totally Elk Point all the way. Our boys displayed their talent and blew Paradise Valley away 9-2.

Sunday was the final against Marwayne for all the marbles. Previously in two games, Marwayne had tied Elk Point and won by one goal. This game put Elk Point on fire, leading 3-0 after Period 1, 6-0 after Period 2, and after a tough third period, victorious 7-5.

Congratulations, Bantam Elks, for bringing honor to your sponsors and the town of Elk Point. We're proud of you all.

This is the second championship for an Elk Point team won in Marwayne in two weeks. Great going, boys!

To The Left, Two, Three. Four...

Elk Point youngsters are now enjoying dance lessons on a weekly basis, under the auspices of the Elk Point Community Services Department. Instructor Staschek Zayac (right) has 35 pupils in 5 groups taking lessons in Elk Point.

Community choir formed

Enthusiastic interest combined with an abundance of musical talent in the Elk Point community has led to the formation of the Elk Point Community Choir.

The choir, composed of adults of all ages including high school students, will be working together towards the common goal of sharing the enjoyment of music.

To join the choir one does not have to be able to read music. The choir is looking for soprano, alto, tenor and bass voices who are interested in participating in four part harmony singing.

The choir will be meeting weekly, on Sunday evenings, from 7:30 p.m. to 9:30 p.m. in the music room of the Elk Point Elementary School.

All interested adults are invited to come to the first practice on Sunday, February 4, 1990 or call (evenings) 724-4263 or 724-3785 for further information.

CARD OF THANKS

We would like to thank everyone who supported us during the past week, following the accidental death of Jake (Gerald Gordon) Orr. Your many acts of condolence, flowers, charitable donations and food brought to our homes and supplied for the funeral reception, and your many kindnesses have touched our hearts, are deeply appreciated and will always be remembered. A special thanks to the bearers, the Yewchin Funeral Home for their efficient service, and to Rev. Sam Donaldson for his message of hope and comfort.

"Service is our motto"

VICTOR STEPA & LARRY DEMCHUK

Your CA has more than tax advice to offer

Of course, the Chartered Accountant
has undergone extensive training to
keep your taxes at the legal minimum
— no more, no less.

But more than that, your CA has
the practical, non-sense business
experience to help you make smart
management decisions. Decisions that
will steer your business clear of hazards, and toward opportunities
for growth and profit.

Historical Footnote

Practice review for public

protection

Since 1981, Chartered Accountants

practicing public accounting in

Alberta have undergone mandatory

reviews of their practice policies

and procedures. The reviews are

conducted to ensure that the high

professional standards are main-

tained by Alberta CAs.

Every firm — from sole prac-

titioners to large national offices —

is regularly assessed and judged

for competency and compliance

with these professional standards.

In this way, the Institute of

Chartered Accountants of Alberta

strives to ensure the public's trust

in the CA profession is well-

deserved.

Water is the collection of mental energies. It is the response to communication or action. It absorbs and dissolves everything else, and puts nothing out. In a word, it is simply feelings. Everything emotional is watery, by element, because it is a response to an outside stimulus, and is often not communicated. It is not, at least not in its pure sense, active or initiatory. And it does not bring anything into being unless transformed into energy of a different type, such as Fire. Cancer, Scorpio and Pisces are Water Signs, and natives of those signs are often moody, withdrawn and uncommunicative. Their energy collects the energy of others, and keeps their mental responses to external events stored. They are not being sad for any particular reason, it's simply the way that energy works. It is quite obvious that they are not showing an outgoing energy, like the money or property which seems to accumulate around Earth people. Water people simply absorb, keep to themselves, and do not communicate to the onlooker, this appears unexciting, but there again, the onlooker is biased: Fire and Air energies only appreciate outgoing energy forms, Earth energy recognizes material rather than mental energies, and other Water energies are staying private.

Gemini

Merrymaking over into the wee hours of the morn causes the aspirin bottle to be within reach. Good judgement always deserts you when fun is offered. Today is a delightful about-face from yesterday; love and marriage provide a dual theme for a much improved day.

Cancer

Focus on your love life and children. Find a constructive project. You will entertain a VIP tonight. The outlook is promising. Decisions! Decisions! You will be in an edgy mood. Tension will subside later in the evening. Keep hammering away, you will win. Stand tall.

Leo

Surprises change your week. It will make your home life more rewarding. The New Moon makes you very elusive, misunderstood. Don't let wayward emotions sway you. Your work day begins on a positive note. You can take minor distractions in stride. You seem to be on an upswing.

Virgo

The New Moon marks the beginning of a new image; your definitely changing self-expression. You become less direct, more of a

listener. Smart move with rewards. Your social life will dazzle and brighten. Don't take risks. Resist acting in haste or forcing an issue. Flexibility is the answer.

Libra

It's back to square one today Libra, yet you have overcome a big obstacle. You're lonely, moody and depressed which doesn't solve your problems. Get busy. Don't fritter the day away. Where's your up-and-at-'em spirit? If the day isn't fruitful, you'll make up of it tonight, betcha!

Scorpio

The New Moon brings a new and dynamic life for you. Don't be impulsive; you're not out of the woods yet. Romance sparkles. You experience personal triumph. Everyone has been very supportive. This is no pie-in-the-sky proposal. Moderation in all things should be your theme.

Sagittarius

The New Moon is a signal for a change of pace, change of direction. You'll have to be cautious against overspending. There could be a property transaction. The financial theme is there throughout February and March. It causes a dark side to life; squelch it immediately.

Capricorn

You certainly forge ahead regardless of personal problems. A new trend for you is around the corner which you will greatly enjoy. You've had your share of obstacles lately; you should see a promising outlet in your personal life soon. Wishful thinking can flaw your judgement.

Aquarius

Communications are at a snag. You can't get over it or under it. You are happy in your new career. Avoid clashing with a co-worker. Watch all safety precautions. Opt for a calm restraint. Your day started with a black cloud but you got over the dilemma. Good news soon.

Pisces

Don't take risks with a cherished romance. Don't believe all you hear. Don't make promises you can't keep. The way to diffuse a brewing dissension is not to adopt a cavalier attitude towards it. A no-nonsense compromise works better. Promote togetherness.

Give us your views on Alberta's environmental future.

Our quality of life and health depends on the continued excellent quality of our environment. To protect, improve and wisely use our environment now and into the 21st century, Alberta Environment has developed ten principles on which to base new environmental legislation.

These principles have been evolving over time and will continue to change to reflect the expectations of Albertans.

You are invited to join in the process of change to help keep our province on the leading edge of environmental protection.

These ten principles are presented in a document, "Toward the 21st Century", that provides you with an opportunity to give us your views.

To obtain your copy, phone 1-800-661-9691 or fill in the coupon and mail it today.

Help us shape and direct Alberta's environmental vision.
